

**WHY DOES
DIGITAL SIGNAGE
HAVE TO BE
SO DIFFICULT
AND EXPENSIVE?**

LoopSign

Digital signage screens with up-to-date content are an effective and easy way to share information with the public or your employees.

LoopSign is a cloud-based software with intuitive and easy-to-use tools for designing, editing and administrating the content of your digital signage screens.

15:40
26 September

Typhoon Noru leaves five dead as storm sweeps over the Philippines, which made landfall in the Philippines Sunday and is predicted to gather strength again before hitting Vietnam.

LoopSign is intuitive and easy to use, regardless of your technical abilities.

What is LoopSign?

- Cloud-based software for designing and administrating the content of your digital signage screens.
- Use your preferred web browser on a computer or LoopSign's app for iOS/Android to control the content on your screens. Drag-and-drop elements, add pictures, video, text and much more, and design the screens' layout with customizable color palettes, your own logo, etc.
- Your edits will immediately show on your screens. (Or you can use the handy scheduling tool to make content automatically appear at a preferred later time.)
- The software is extremely user-friendly, while at the same time featuring great flexibility and optional advanced functionality.
- LoopSign supports the standard landscape and portrait formats, as well as a wide range of custom formats.

LoopSign supports a wide range of different types of content:

- Pictures
PNG, JPG, SVG, GIF
- Video
MP4, WEBM, MOV, YouTube and link
- Weather forecast
- RSS Feeds
- MS Office, PDF documents and Canva
- Calendar integrations with Office365, Google, iCal, Event Temple, Visbook and Nexodus
- Social media integrations with Facebook and Instagram business
- Public transport integrations with Entur, Rejseplanen and Avinor.
- Websites
- HTML embed code
- Countdown timer
- Meeting room signs
- Wayfinding signs
- Air quality integration with Airthings
- Time and date with different time zones
- Table matrix

Timelines - Plan Your Content

With LoopSign's content timelines, you can easily plan the order and schedule of your content. LoopSign's user-friendly interface ensures that edits and administration can be quickly and successfully completed with just a few clicks, making it a breeze to keep content on the screens updated and relevant.

Get Started Quickly

LoopSign being cloud-based, you'll be up and running in no time. Our 30-day free trial gives you plenty of time to try out all of the tools and functionality - no strings attached. After designing and adding content to your screen, you can easily run the content by opening the LoopSign screen's unique URL.

LoopSign digital signage screens are the perfect fit for communicating your information in all common areas such as receptions, cafeterias, hallways and waiting rooms.
